Service Provider

# Leading the Way as One of the First ASP on the UAE EmaraTax Portal

The screenshot shows the EmaraTax portal interface. At the top, there is a search bar and navigation options. The main content area is titled 'List of ASPs for onboarding' and 'Linkage Status with ASP'. Below this, there is a section for 'TIN for e-invoicing Onboarding' with a message: 'Below is the list of Accredited Service Providers (ASPs). Please select your Service Provider and click on Proceed to ASP to complete your onboarding.' A table lists the ASPs with columns for 'ASP ID', 'ASP Name EN', and 'ASP Name AR'. The table contains one record for 'Flick Network L.L.C-FZ'. Below the table, there are navigation controls including 'Back' and 'Proceed to ASP' buttons. The footer contains 'QUICK LINKS', 'OTHER LINKS', and 'OUR LOCATION' information.

ASP ID	ASP Name EN	ASP Name AR
138271	Flick Network L.L.C-FZ	Flick Network L.L.C-FZ

Screenshot date: 2 April 2026

Flick Network is proud to be one of the first ASPs to be listed on the EmaraTax portal. This milestone highlights Flick's proactive approach to regulatory readiness and underscores its strong commitment to delivering a robust, fully compliant e-invoicing solution for businesses in the UAE.

# Applicability & Timeline

Phase	Appoint an ASP	Mandatory Go-Live
Phase 1: Companies with Revenue of 50M AED or more	30 October 2026	1 January 2027
Phase 2: Companies with Revenue less than 50M AED	31 March 2027	1 July 2027
Phase 3: Government Entities	31 March 2027	1 October 2027

- ◆ Pilot and Voluntary adoption phase starts from 1 July 2026
- ◆ Revenue refers to the gross income for the latest accounting period, as per the entity's financial statements. Recognition, whether at group or individual entity level, should be determined by the entity and its auditors in line with applicable laws, together with IFRS standards.

# Things to keep in mind

---

## Invoice Transmission

E-Invoice should be issued and transmitted within **14 days** from the date of supply of goods or service.

This is determined according to Article 25 and 26 of VAT Law.

## Peppol ID for UAE

TIN number of the entity along with country code of UAE in Peppol (0235) is the unique Peppol ID for the UAE.

Format 0235:1001230456

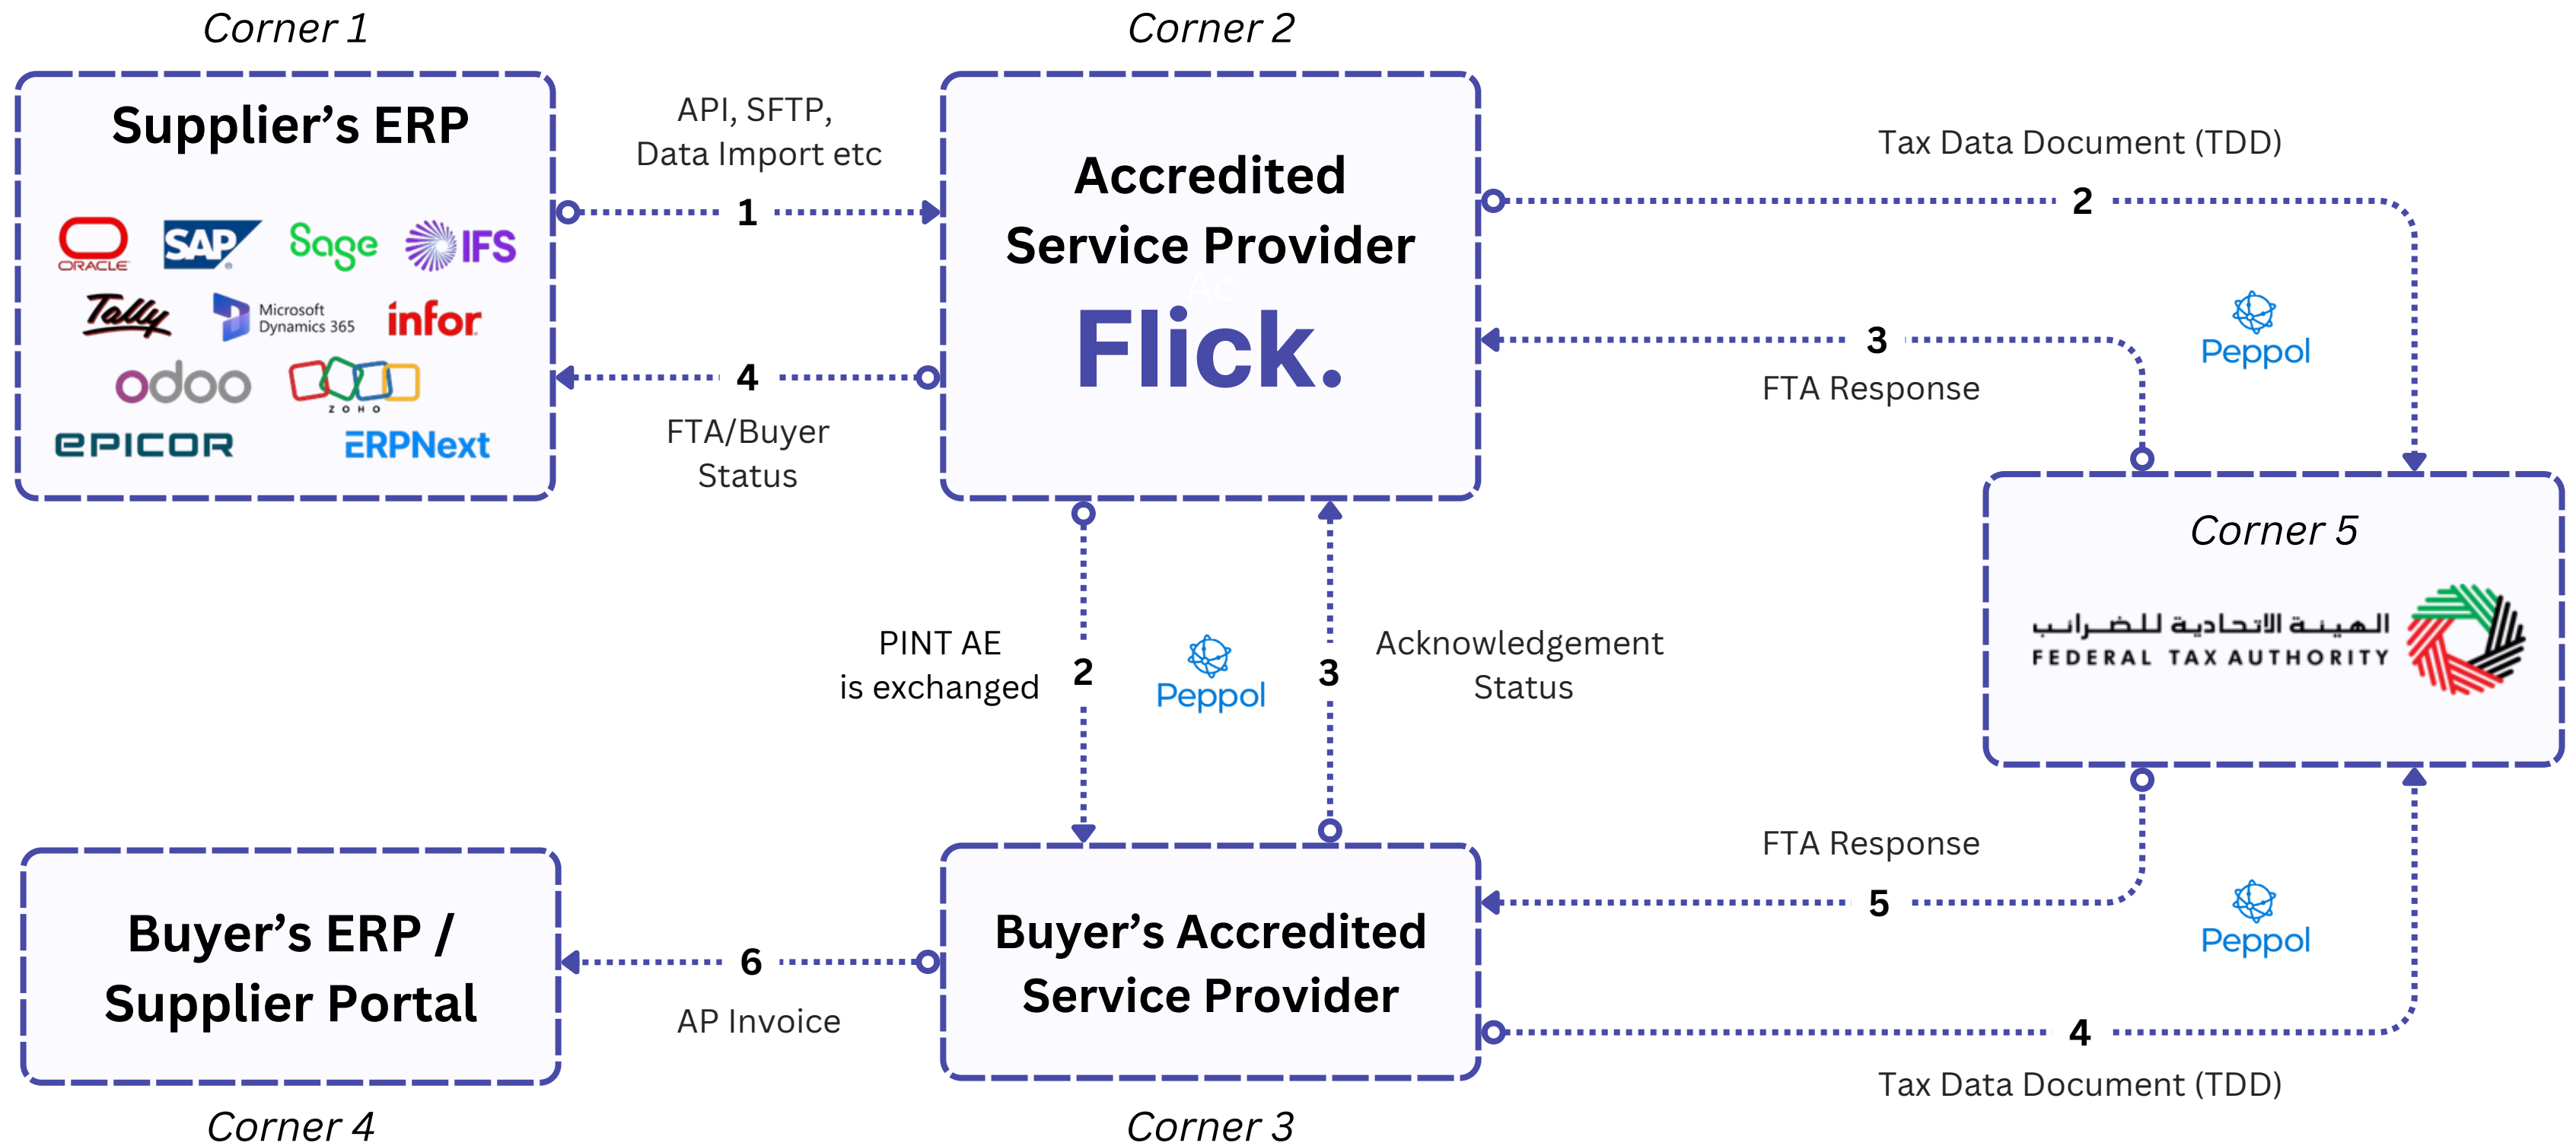

## Onboarding for Group

Each VAT group member must be onboarded separately, either with the same or a different Accredited Service Provider (ASP).

One TIN can be linked to only one ASP for both sending and receiving.

# Export or Domestic Non-Peppol Transaction

**Flick.**

## **Default Peppol IDs for Special Transactions**

<b>Transaction type</b>	<b>Peppol ID</b>
When the Invoice Transaction Type is Deemed Supply	<b>0235:9900000097</b>
When the Invoice Transaction Type is Export (Receiver Not Registered in Peppol)	<b>0235:9900000099</b>
When the Buyer is Not Subject to UAE E-invoicing Regulations	<b>0235:9900000098</b>

# Beyond Compliance — A Complete E-Invoicing Ecosystem

---

## Reconciliation Module

Automates AP-AR and tax report reconciliation. Detects discrepancies and unmatched entries across ERP and eInvoicing data.

## Role Based Access Control

Define user roles and permissions at a micro level to ensure each user accesses only authorised modules and actions.

## Reports

Generate standard or custom reports directly from the dashboard with ease to accelerate your compliance journey.

## PINT AE to PDF Conversion

Converts PINT AE XML invoices into branded, readable PDFs for business or audit use.

## Email Notification System

Sends automated alerts for errors, status changes, or downtime with customizable templates.

## Customer Communication

Auto-trigger Emails for invoices directly to customers if not available on the Peppol eInvoicing network.

## 3-Way Matching

Matches invoices with POs and GRNs to prevent duplicates and ensure accuracy for AP Invoices.

## Single Sign On (SSO)

Integrates with your internal SSO for seamless dashboard access without repeated logins.

## Report Scheduler

Schedules and delivers periodic reports automatically via email or secure storage.

# More Than Features: What Makes Flick Different

---

## ◆ Flexible Integration

Multiple integration options, including but not limited to REST/SOAP APIs, SFTP, DB Link, EDIs, Bulk File Uploads and Standalone Dashboards for Manual Invoicing.

## ◆ On-Premise Implementation

We can provide a secure on-premise setup for complete control over data processing and archival.

## ◆ Peppol AP / SMP Certified

Flick is both an AP and SMP certified Peppol service provider, so that your data is never sent to any third-party providers in Peppol network.

## ◆ Unified Global API

Flick offers a unified global API and webhooks for your global invoicing compliance requirements seamlessly with a single integration.

## ◆ Multiple Accreditations

We have already received multiple accreditations from different tax authorities, including Saudi Arabia, Malaysia, Nigeria, Belgium and more.

## ◆ 24\*7 Support Team

We provide continuous support over call, email, chat or our ticketing platform all around the clock.
